

# Dermatology

## Consultation and Referral Information

Our team treats patients from birth through college age for a variety of skin conditions and disorders. Some of the common conditions we treat include the following: atopic dermatitis, acne, psoriasis, moles and birthmarks, molluscum, warts, alopecia, pigmentation issues, vascular birthmarks including hemangiomas and port wine stains, and many genetic skin disorders, such as epidermolysis bullosa, the ichtyoses, and ectodermal dysplasias.
